

The Cornerstone Arts Foundation

Achievements 2009/10

The Cornerstone Arts Foundation (TCAF) has achieved a great deal during its first year of operation. Artwork has been commissioned and installed, recognition has been achieved from national organisations and best of all, the communities in the Southampton area have played an important part. TCAF has offered great value to its clients, meaning they get more artwork for their money. The process that has been developed over the past year has delivered professional results that are on time and on budget. This document reveals the key achievements from 2009/10 and what lies ahead.

Award Recognition

Our first project-art at the Adelaide Health Centre, Millbrook– was the result of a lengthy process, consulting with staff and the community to come up with several commissions located both inside the facility and within its grounds. TCAF has been shortlisted for two awards for the consultative workshops that were held for the initial artwork installation-graphics in the atrium. These awards are:

Finalist: Community Partnership Awards 2010
“Community Youth Initiative”

Finalist: Public:Private Finance Awards 2010
“Best Community/User Involvement in a Project”

Community Workshops

TCAF is especially proud of its engagement with the community over the past year. We worked with over 60 people to generate images which were directly fed into the graphics installations at the Adelaide Health Centre. We have also worked extensively with both NHS Southampton and Hampshire Partnership Foundation NHS Trust staff to create artwork that they would enjoy as they are the people who will spend the most time in our facilities! We are already making plans for some academic workshops in the summer for local students to get a better understanding of how to submit proposals for public tenders. Hopefully this will ensure a constant supply of new talent for our own projects!

Artist Kiran Chahal reviews designs for the children's waiting area with NHS Southampton City staff at Adelaide Health Centre, Millbrook.

Commissioned Artwork

Artwork Title	Artist	Location of Artwork	Date of Installation
“Graphics in the Atrium”	Kiran Chahal	Adelaide Health Centre	September 2009
